

Network Delaware - Intern Work Plan

Nathan Sanchez | March 16, 2026 | Supervisor: Maria Beauchamp

Overview: To research, propose, and draft civic education curricula to improve civic participation in K-12 Students in Delaware. As someone deeply passionate about this area and already building a legislative information curriculum for college students, I have gotten off to an ambitious start. Focusing on the background, I will be moving into interconnected systems that will facilitate the implementation and reporting of revised educational platforms.

Completed to Date:

- Delaware Standards reviewed
- State Shortlist Selected (pending confirmation)
- Landscape research underway
- Framework documents read and cataloged for applicable uses

Questions for Supervisors: I have chosen to opt into the following states for comparative state analysis and would like approval before moving forward: Massachusetts, Illinois, Rhode Island,

California, and New York. (I have also begun research into Puerto Rico, but will need to verify differences based on federal and “territory” discrepancies)
